

# Lunar360° 6-Head LED Flood Lighting

## With Tripod or Magnetic Bracket

### Overview

The NEW Lunar360° 6-Head LED flood light and tripod system provides a cost effective, portable and sustainable lighting solution for the rail, civil, construction, utilities and events industries.

600 watts of power providing 90,000 Lumens of light and when powered using a single Vitacell® battery power source this Lunar360° will run for up to 7 hours on the highest power setting.

The Lunar360° 6-Head flood lighting system when used alongside our Vitacell® rechargeable battery is fuel free, silent running and has zero carbon emissions which are key drivers for many businesses.

Our Lunar360° has flicker free light heads which are water and dust proof. They can be mounted using either the 3m or 4m telescopic tripods, attached to a rail trolley or fixed to masts or a vehicle side using the magnetic bracket.

**90,000 LUMENS OUTPUT**

**600 WATT 6-HEAD LIGHT**

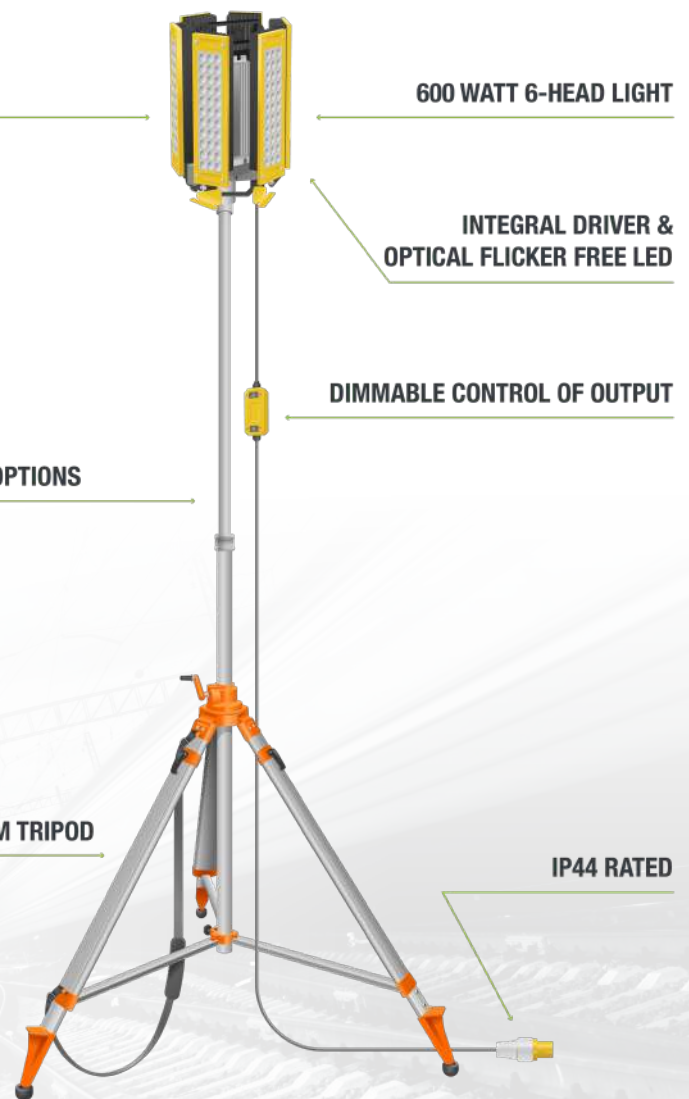

**INTEGRAL DRIVER & OPTICAL FLICKER FREE LED**

**DIMMABLE CONTROL OF OUTPUT**

**TELESCOPIC MAST AVAILABLE IN 3m & 4m OPTIONS**

**LIGHTWEIGHT ALUMINIUM TRIPOD**

**IP44 RATED**

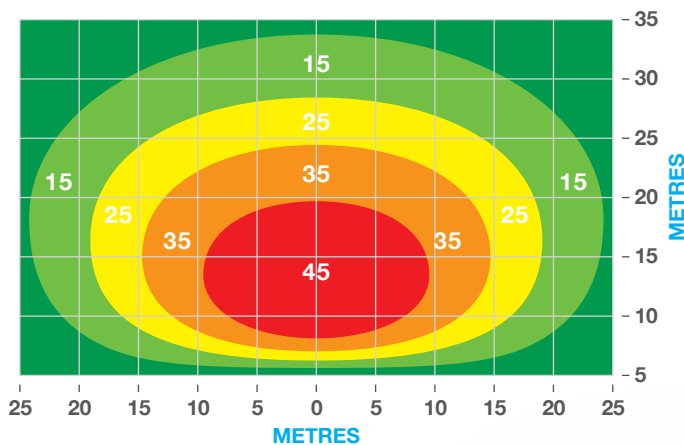

## Key Benefits

- ▶ Lightweight and compact
- ▶ Flexible floodlight solution 360° or 180°
- ▶ Zero emissions and zero noise output (when used alongside Vitacell® battery)
- ▶ 4 x Tripods can be linked together to provide a greater surface area of light output
- ▶ Dimmable control of light output when used alongside the Vitacell® battery
- ▶ High performance integral driver and optical flicker free LED technology
- ▶ Low transport costs
- ▶ 600 or 300 watt light head option
- ▶ Magnetic bracket available

## Specifications

<b>Rated voltage</b>	110 V
<b>Rated wattage</b>	6x 100 W
<b>Ingress protection</b>	IP44
<b>Total lamp lumens</b>	90,000 lm
<b>LED lifespan</b>	20,000+ hours
<b>CE compliant</b>	UK CE marked UKCA
<b>Lamp CCT</b>	6500 K
<b>Rated temperature</b>	50°C
<b>Luminaire weight</b>	14.5 Kg
<b>Tripod weight</b>	11 Kg
<b>Tripod height</b>	3.0m or 4.1m

## Light Plot

## Magnetic Bracket

A Lunar360° 6-Head powered using a single Vitacell® battery will run for up to 7 hours on the highest power setting.
